Dear Mr. Schoener:

This is in reply to your letter of December 30, 1968, concerning documents missing from the numbered document file of the Warren Commission.

These documents were missing from the file when we received the records of the Commission. We can sometimes locate missing documents in the exhibits or other files of the Commission. If you will furnish the numbers of documents in which you are interested, we will try to locate them.

We furnish information concerning the guidelines under which particular documents are withheld from research when we receive request for this information. Documents withheld from research are to be reviewed in 1970, in 1975, and thereafter at ten year intervals.

Sincerely,

MARK G. ECKHOFF
Director
Diplomatic, Legal, and
Fiscal Records Division
